

## COLOR FLUENCY

### **FABRIC suggestions:**

- 12 fat quarters per student for swapping, 2 in each color category (red, orange, yellow, green, blue, purple) It is preferred if these are a mix of printed, tonal, large scale, small scale or even some solid!
- Favorite fabrics for adding to palettes

### **TOOLS and notions:**

- Color Wheels, one per student (art supply shop)
- Standard sewing tools including cutting tools, tracing tools
- 60 degree ruler (*optional*, for making a color wheel w extra time)
