

# Nature's Pace Ipad Cases

Finished Size - Large - 8½"x10½"

- Small - 6½"x9"

These ipad cases have been made using a combination of techniques including stitchery, and needle-turn applique, along with simple machine piecing. There are two sizes to choose from and could be used for carrying projects, e-readers, ipads, diaries, or anything else you need stored!

This class will be focussing on needleturn applique and hand stitching. I will demonstrate how to complete the case including putting the zipper in by hand.

## Fabric Requirements

### Large Case

Linen - 10" (25cm)
