

SPINOFF WORKSHOP:

I'm so excited you've chosen to join the Spinoff Workshop! The goal of the workshop is to learn to sew precise curves. We'll cover tips for cutting, basting, pressing, and trimming that will guarantee you perfect curves each time!

Bring materials for the entire quilt top as some participants will be able to finish that during the workshop. You do not need to bring backing and binding.

You can use the diagram below to plan your quilt colors OR just bring $\frac{2}{3}$ yard cuts of 6 different fabrics to class and decide how to arrange them in the morning. Be sure to select fabrics with some contrast - big differences in colors or difference in the shades you select will emphasize your piecing.

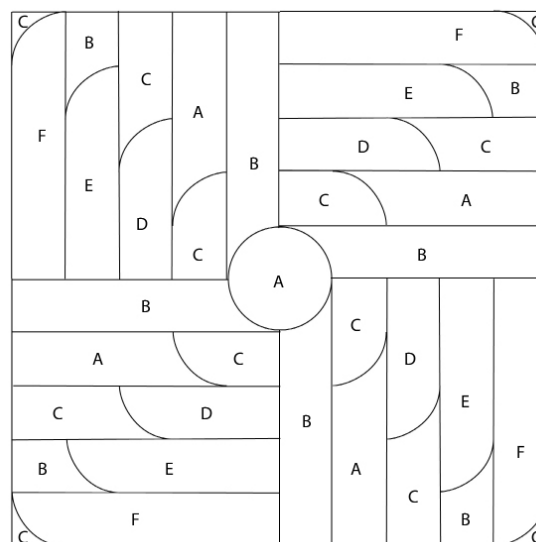

TOOL LIST:

Sewing machine, rotary cutter, cutting mat, ruler, thread, pins.

Optional: acrylic (plastic) quarter circle templates that finish at $4\frac{1}{2}$ ", 28mm rotary cutter, $\frac{1}{4}$ " glue stick, square ruler 5" or larger.

* Acrylic templates and glue sticks will be available to use during the workshop. You may purchase your own set of acrylic templates for 150 kroner.

The pattern will be provided, but you may wish to purchase additional patterns. Payment can be made with VIPPS, credit card, or cash.

FABRIC REQUIREMENTS:

YELLOW (A)	TEAL (B)	GRAY (C)	RED (D)	LIGHT-BLUE (E)	NAVY (F)	BINDING	BACK
